

**Launch 3rd UN Global Road Safety week (4-10
May 2015)**

The launch of the Global Road Safety week took place on 4 May 2015 at Cofimvaba in the Eastern Cape. The Department of Transport, Eastern Cape Provincial Transport, the Road Traffic Management Corporation together with Transport stakeholders teamed up to put together a weekly programme to address road safety challenges faced by kids on our roads.

The emphasis for the 2015 global road safety week was safety of children on the roads with the theme: "Children and Road Safety". The RTMC attended the launch and supported the Province by providing educational promotional material. The Road Safety Education team together with the Province also participated in an early morning road block which focused on scholar transport safety. The RTMC team also supported and participated in various activities as part of the Global Road Safety Week.
